Trångsund, Stockholm, Sweden

### SUMMARY

Creative, passionate, and certified frontend developer with experience working in the fintech industry. Proficient in HTML, CSS, and JS, with strong foundation in front-end frameworks like React, Next.JS and moderate level familiarity in frontend frameworks like Angular and Vue.JS.

I am committed to continuously improving my skills in HTML, CSS, JavaScript, and modern frontend frameworks. Ready to bring excellent coding expertise, great communication skills and innovative problem-solving ideas to your dynamic team.

### EXPERIENCE

Frontend Developer 2021 - Present  
Nordfin Capital Group Stockholm, Sweden

- Led the frontend development team
- With my team, created UX wireframe from end users specification and developed invoice management platform from scratch using React and Typescript.
  - Worked on 4 web development projects primarily using HTML,CSS, React and TypeScript.
  - Worked with automated testing.
  - Collaborated with a team of 4 developers to implement user- centric websites and gained extensive practical experience.

Frontend Developer Intern 03/2021 - 06/2021  
ViaEcole AB Stockholm, Sweden

- Helped to develop a web based application
- Created a web-based conferencing app (screen sharing) for internal users of ViaEcole using JavaScript, WebRTC, and Firebase.
  - Collaborated with a team of 8 frontend developers and gained extensive teamwork experience.

Frontend Developer Intern 03/2020 - 06/2020  
Laundrop Stockholm, Sweden

- Helped to develop a blog
- Helped create a Jamstack static blog (<https://laundrop.se/blogg>). Used Gridsome and tailwind CSS on that project.

Frontend Developer Intern 02/2020 - 05/2020  
Monok Stockholm, Sweden

- Involved in developing AI based news app
- Helped to develop a fully automated AI based news app – Monok. Developed the project using React Native.
  - Tested the app on EXPO emulator or physical device to identify and fix any bugs or issues.
  - Ensured a responsive design for different screen sizes and orientations.

### EDUCATION

Yrkesutbildning on Frontend Development 2019 - 2021  
EC Utbildning Stockholm, Sweden

Masters in Communication Systems 2009 - 2011  
KTH University Stockholm, Sweden
