Trångsund, Stockholm, Sweden

### SUMMARY

Creative, passionate, and certified Frontend developer with experience working in the fintech industry. Proficient in HTML, CSS, and JS, with strong foundation in frontend frameworks like React, Next.JS and moderate level familiarity in Angular and Vue.JS.

I am committed to continuously improving my skills in HTML, CSS, JavaScript, and modern frontend frameworks. Ready to bring excellent coding expertise, great communication skills and innovative problem solving ideas to your dynamic team.

### EXPERIENCE

Frontend Developer 11/2021 - 09/2023  
Nordfin Capital Group Stockholm, Sweden

- Led the frontend development team
- With my team, created UX wireframe from end users specification and developed invoice management platform from scratch using React and Typescript.
  - Worked on four web development projects primarily using HTML,CSS, React and TypeScript.
  - Worked with automated testing.
  - Collaborated with a team of four developers to implement user- centric websites and gained extensive practical experience.

Frontend Developer Intern 03/2021 - 06/2021  
ViaEcole AB Stockholm, Sweden

- Helped to develop a web based application
- Created a web-based conferencing app (screen sharing) for internal users of ViaEcole using JavaScript, WebRTC, and Firebase.
  - Collaborated with a team of eight frontend developers and gained extensive teamwork experience.

Frontend Developer Intern 03/2020 - 06/2020  
Laundrop Stockholm, Sweden

- Helped to develop a blog
- Helped to create a Jamstack static blog (<https://laundrop.se/blogg>). Used Gridsome and Tailwind CSS on that project.

Frontend Developer Intern 02/2020 - 05/2020  
Monok Stockholm, Sweden

- Involved in developing AI based news app
- Helped to develop a fully automated AI based news app – Monok. Developed the project using React Native.
  - Tested the app on EXPO emulator or physical device to identify and fix any bugs or issues.
  - Ensured a responsive design for different screen sizes and orientations.

### EDUCATION

Yrkesutbildning on Frontend Development 2019 - 2021  
EC Utbildning Stockholm, Sweden

Masters in Communication Systems 2009 - 2011  
Royal Institute of Technology (KTH) Stockholm, Sweden
