### Front-end Developer

## PROFESSIONAL PROFILE

Creative, passionate, and certified front-end developer with two years of professional experience in the fintech industry. Adept at translating design concepts into pixel-perfect, interactive user interfaces. Solid working experience with product-driven software development and agile environments. Good experience about the entire life cycle of a frontend project due to working with fintech startup companies. Proficient in HTML, CSS, and JavaScript, with a strong foundation in front-end frameworks like React, Next.Js. Collaborative team player with excellent communication skills and a commitment to deliver high quality, user-centric and simple solutions.

## TECHNICAL SKILLS

UX/UI, HTML, CSS, SCSS, JavaScript, TypeScript, React, Next.js, ViteJs, Rest APIs, ReactQuery, React Hook Form, JEST, Material UI, MySQL, .Net, Firebase, Azure DevOps, CI/CD, Git, TDD and Agile Methodology.

## WORK EXPERIENCE

### FRONT-END DEVELOPER
Nordfin Capital Group AB, STOCKHOLM | November 2021 – September 2023

- Developed invoice management platform (*https://mypage.nordfincapital.com/*) from scratch using React and Typescript.
- Produced, maintained, and modified websites and user interfaces.
- Worked with automated testing.
- Fixed any website issues or bugs that arose.

### FRONT-END DEVELOPER INTERN
ViaEcole AB, STOCKHOLM | MARCH 2021 – JUNE 2021

- Created a web-based conferencing app (screen sharing) for internal users of ViaEcole using JavaScript, WebRTC, and Firebase.

### FRONT-END DEVELOPER INTERN
LAUNDROP, STOCKHOLM | MARCH 2020 – JUNE 2020

- Created a Jamstack static blog using gridsome (a library for VueJS) and Tailwind CSS.

### FRONT-END DEVELOPER INTERN
MONOK, STOCKHOLM | FEBRUARY 2020 – MAY 2020

- Helped to develop a fully automated AI based news app (Monok) for android system using React Native.
